- If buying 10-29+ the price is \$12.50 each (\$12.50 flat rate to Australia)
- Free Post for orders of 30 or more (Australia Only)

Some of the DVDs get updated from time to time, these display a version number on the cover of when that particular disk was last processed or edited.

Most DVDs include a data folder for computers with screensavers and other information as a bonus.

Aysemart also films functions, major events, weddings regularly and collects digital imagery of towns and shires around regional Western Australia. We've been forming a digital database which is on hand for use now and way into the future.
